Sat., February 17 – Sun., February 18, 2018

Venue:

Yamanakaza-Hall, Kaga City, Ishikawa

Organized by:

Kaga City Executive Committee

# Greetings

---

Dementia International Asian Meeting in Kaga  
Executive Committee Chair, Mayor of Kaga City,  
Riku Miyamoto

To everyone participating in the Dementia International Asian Meeting in Kaga, welcome to Yamanaka Onsen, Kaga City.

In Japan, discussions are taking place in expectation of a super aged society in which people will live to be one hundred. However, dementia, a disease caused by aging, has a lot of medically unexplained aspects.

At this meeting, under the theme of “Dementia, Regional Society, and Living—Support from an Early Stage of the Onset,” we will hold a round table exchange of opinions on the current situation, issues, measures, etc., in the clinical practice for dementia. Through a two-day program on prevention and care, I hope that everyone involved in dementia will further deepen their knowledge.

Going forward, I hope that Kaga City will become the place to learn the most-advanced prevention and care for dementia in Japan through the continued hosting of such meetings.

By the way, Yamanaka Onsen is a hot spring praised by the great haiku master Matsuo Basho in a haiku, "Yamanaka ya / Kiku wa taoraji / Yu no nioi," claiming that a bath in its waters is more rejuvenating than a drink from the mythical dew of eternal youth that Chinese chrysanthemum fairies gather from chrysanthemums. I hope you will be able to relax and sooth the fatigue from the meeting in these waters.

Lastly, I would like to express my heartfelt gratitude to the many individuals who made great efforts for this meeting and pray for good health and success of all the participants.

February 17, 2018

## Program Day 1: Saturday, February 17, 2018
